Reservists and National Guardsmen Say 'NO' to the War

We, the undersigned, are officers and enlisted men of the United States military Reserve forces.

We wear the same uniform as the American troops being killed and maimed every day in Vietnam. We want those soldiers home — alive.

We demand total withdrawal of ALL our fellow American soldiers from Vietnam now. Not just combat troops, not just ground forces, but ALL troops.

We demand total withdrawal now of all the American soldiers advising the armies of dictatorships throughout Latin America and Asia. We don't want Guatemala, Thailand, or Bolivia to become the Vietnams of the 1970's. One Vietnam is enough; too many people have been killed already to preserve America's overseas empire.

As men who have served in the armed forces, we have seen firsthand the dangerously growing power of American militarism. As soldiers and as citizens, we believe we have a special obligation to speak out against it.

Dear Sisters and Brothers:

By now the news of the Chicago convention has probably reached most of you. This letter is to let you know that despite any news you may hear to the contrary, SDS still lives and the national office is functioning as usual. New national officers have been elected and a program of mass action through the summer and fall has been planned. The national officers are: National Secretary, Mark Rudd, New York; Inter-organizational Secretary, Jeff Jones, San Francisco; Educational Secretary, Bill Ayers, Detroit. NIC members are: Mike Klonsky; Bernardine Dohrn; Bob Avakian, San Francisco; Noel Ignatin, Chicago; Howie Machtinger, Chicago; Barbara Kiley, New York; Linda Evans, Detroit; Carky Benedict, Cleveland.

There is one important thing that has changed. The Progressive Labor Party faction (PLP) has been kicked out of SDS. To understand why, you must go back a few months

Dear Friends,

Dear Friends,

The August, 1970, bombing of the Army Math Research Center followed a spring invasion of Cambodia, the years of secret bombings of Laos and Cambodia, the revelations that tens of thousands of acres of land and tens of thousands of lives were being lost or destroyed in Indochina.

We had been protesting against this war for so long and it seemed then that the government just wasn't able to listen to its own citizens, to those of the world.

If we had known then what we know now, how would our actions have been different. We know now, from the Winter Soldier investigations, from those veterans that have testified to the Senate, from the Watergate hearings, that much more than we even dreamed was being perpetrated in Indochina, and further, that the government not only heard us, it actively lied and, for years, deceived all of us.

What would we have done differently? The answer is most, but many people had the full insight of the truth of the war, and their actions differed. Daniel Ellsberg changed from designing the policies to revealing the policies. The Berrigans destroyed draft files, admitted their parti-

Daniel Ellsberg changed from designing the policies to revealing the policies. The Berrigans destroyed draft files, admitted their participation, and then let the public judge their guilt.

Students for a Democratic Society!

SDS is a movement of young people who study and participate in daily struggles for social change. Committed to change in many spheres of society, SDS members, in chapters, projects, and as individuals:

Organize the disadvantaged in community movements for economic gains. During the summer of 1965, one hundred and fifty students provided the full-time staffs for 10 community projects in the urban South—all of them containing Negroes in the U.S. Movements of welfare mothers, the unemployed, tenants, and others have been organized around their particular grievances.

Participate in activity for peace through protest, research, education, and community organization. SDS organized protests and prepared peaceful resistance during the Cuba and Vietnam crises; sponsors peace research among students; and in cooperating plans efforts to organize military workers for economic conversion.

Work for civil rights through direct action, publication, and support of the Student Nonviolent Coordinating Committee. SDS projects in Chester, Pa., and Newark, N.J., serve as models for Negro movements in the North due to their mass support.

Reject contemporary bias in repressive educational systems. SDS participated in the most demonstrative and organized national support for free speech at Berkeley; protested to the introduction of grade control into college curricula; and initiated the union organization of student employees at the U. of Michigan.

Support political insurgents, such as Dick Gregory in Boston, in the fight for a government that would promote social justice. SDS produces studies of the political and economic situation.
